Subject: Clubhouse Pool Project - Report on Site Meeting with Rock Power and True Blue Pools

Dear Board Supervisors,

I am writing to provide an update on today's site meeting with the general contractor, Rock Power, the subcontractor for the pool renovation, True Blue Pools, and our district engineer, Angel Camacho

Overall, the meeting was productive, as we had the opportunity to address the concerns shared by both the board and the community regarding the progress of the pool renovation project.

Rock Power, serving as the prime contractor for this project, took the lead in discussing the various line items that were outlined in our prior communications. Our district engineer, Angel Camacho, and I shared our observations and expectations, focusing on the need for expedited progress.

During the discussions, we addressed the delays that have impacted the project timeline and reviewed the revised schedule. We emphasized the importance of establishing a firm completion date. The representatives from True Blue Pools provided explanations for the delays, assuring us that they are committed to completing the project in time for the upcoming summer season. Although they could not confirm an exact date for the pool's reopening, they expressed confidence in meeting the overall timeline.

The board should receive, in the coming days, from Angel Camacho a thoroughly updated schedule that includes detailed information on the line items we discussed today, as well as a comprehensive plan for moving forward. I will be closely monitoring the situation to ensure that we hold the contractors accountable for maintaining progress on the project. If any further issues arise, I will keep the board informed.

Please feel free to reach out if you have any questions or require additional information.

****Please note:** In accordance with the Sunshine Law, do not reply to all. If you have questions or need clarification, please reply only to me. Thank you for your cooperation.**

Regards,

Victor Castro
